SCOPE OF PRACTICE

I am applying for an annual practising certificate (with a condition of non-clinical practice) for the following scope(s) of practice:

Medical Imaging Technologist

Magnetic Resonance Imaging Technologist

Nuclear Medicine Technologist

Radiation Therapist

Sonographer

DECLARATIONS

I declare that:	Yes/No
I understand a practitioner engaging in direct-patient-contact is deemed to be practising clinically and therefore must hold an annual practising certificate.	
I understand if I wish to practice as an imaging and/or radiation therapy practitioner I will need to renew my annual practising certificate.	
I understand non-clinical practice is medical imaging/radiation therapy related work that does not relate to the direct care of an individual patient.	
I am currently undertaking Continuing Professional Development activities.	
I do not have any criminal convictions recorded against my name and no criminal charges pending punishable by imprisonment from a term of three months or longer.	
I know of no information that could cause the Board not to be satisfied that I am a fit person to be registered and hold a practising certificate.	
I understand I am not subject to any disciplinary and/or investigations under section 16 of the HPCA Act 2003.	
I understand the annual practising certificate fee is non-refundable.	
All the information provided with the application is true and correct in every particular.
