

Revision of the Register

Important: we are trying to locate the following practitioners

The Medical Radiation Technologist Board (the Board) is trying to locate the following registered practitioners as it does not hold address or other contact information for these individuals, and they have not been in touch with the Board for some time.

The Board wishes to revise its register to remove the names of any practitioners who are no longer in practice. If your name appears in this list, or if you know someone who appears in this list, please make contact with the Registrar as soon as possible and by no later than 22 July 2019 at

mrt@medsci.co.nz
